FRONTEND DEVELOPER

I'm Jonathan Edward Andrian, an undergraduate computer science student at BINUS University. I'm a hard-working, passionate person who believe in the importance of education and accessibility to technological advancements. I'm passionate about pursuing my major in computer science. My goal is to get a job as a web developer at a big company after graduating. I'm skilled in HTML, CSS/SASS, JavaScript, Bootstrap, PHP, and SQL, I'm interested in learning more about new things, especially in the web development field.
